### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Brian Schar, Reg. No. 45,076, on November 20, 2006.

2. The application has been amended as follows:

In claim 188, line 10, after "slot," insert -- , and wherein said handle is configured to pivot with respect to at least one of said first member and said second member--.

Cancel claims 194 and 201-221.

3. The following is an examiner's statement of reasons for allowance: None of the prior art of record, alone or in combination, discloses an integrated tool including a first member configured to create an opening in a target vessel and a second member configured to advance an anastomosis device at least partially into the opening, where the tool includes a handle operatively connected to a least one of the first and second members, and where the handle includes at least one cam slot and at least one of the first and second members includes at least one cam follower, where the handle is
